

customwallpaper

peel-and-stick heavy duty. textured.

The most durable peel-and-stick decal with a slip resistant (ASTM certified) vinyl surface and fabric backing. Resistant to mild acids, alkalis, and salt solutions. The perfect solution for textured walls due to its thickness and acrylic adhesive. Sticks to almost any surface (tile, glass, carpet, wood, metal, stone, painted, smooth, and textured surfaces) but is still repositionable and leaves no residue.

facestock: textured vinyl surface/fabric backing.

- Excellent choice for repositionable wall and floor graphics, appliques, point-of-purchase solutions, or temporary outdoor signage.
- Peel-and-stick textured thickness: 8.0 mil
- For murals only, there is a 1/2" overlap on all sides
- Wallpaper panels are 23" wide times the height of your wall
- B1 & M1 fire certified
- Slip resistant (ASTM D-2047, ASTM C1028-07 & R12 Certified)

adhesive:removable/repositionable system.

- Works great on a variety of surfaces such as tile, glass, carpet, wood, metal, stone, painted, smooth, and textured surfaces
- The minimum application temperature is 50°F, with a service temperature range of 41°F to 104°F
